### **Background to development of the vision statement**

The Community Reference Group for the Core Passenger Service Review met at Campbell Town on 22 September 2005 to develop a vision statement for the provision of core passenger services in Tasmania.

The group considered the work undertaken at the Bridport Workshop in June 2005.

It was agreed by the group that the key values identified through the Bridport Workshop could be summarised under 5 headings:

- safe;
- fair to all;
- responsive to customers;
- profitable and affordable; and
- builds pride.

It was agreed that the vision statement for the delivery of core passenger services should incorporate these concepts.
